

# University-National Oceanographic Laboratory System ~UNOLS~

**Modifications of UNOLS STRS Schedules to account  
for each calendar day  
RVOC 18 April 2018**

## Recent STRS Improvements

- Added fields at bottom of schedule to account for 365 days
- Added FAQ's to the STRS on clearances and working in foreign ports
- Enhancements to the detailed cruise search functionality
- Linked the STRS Homepage for the cruise personnel manifest

# NEW AND IMPROVED STRS – NOVEMBER 2017

## Day Types

***Available for Service Day:*** Ship is mechanically and administratively prepared for at sea operations but not currently scheduled for any mission or project. Routine outfitting and general upkeep can occur during these days.

***Inspection Day-*** (formerly “NSF Inspection and Navy Insurv) :A day in which the ship is undergoing an inspection by Navy, INSURV, NSF, USCG, ABS, other regulatory body or an insurance company.

***Standby Day-*** (formerly “Lay Day”): Days in port for purposes of crew rest (for example: weekends if that fits your ship), or weather/environmental reasons.

### ***General Upkeep and Outfitting Day -***

Days in port for purposes of fitting out, general upkeep, and routine outfitting and minor pierside maintenance, which does not take the vessel out of service.

### ***Overhaul or Repair Day*** (formerly Maintenance Day):

Planned shipyard overhaul or emergency repairs. Days undergoing overhauls, dry-docking, or other scheduled or unscheduled repairs during which the ship is not available for service. Also would include at sea shakedown of ship's overhauled equipment.

### ***Load/Unloading Day:*** (formerly Mobilization &

Demobilization Day): Days in direct support of preparing for a science mission including loading the science party and ship operator cruise specific equipment and supplies, as well as all operational supplies (food, fuel, etc.)

***Outreach Day:*** A day in which the ship is primarily devoted to conducting an open house or other public outreach event. Include days spent mobilizing and demobilizing for the event.

***Out of Service Day:*** A day in which the ship is primarily devoted to conducting an open house or other public outreach event. Include days spent mobilizing and demobilizing for the event.

***At Sea for Science:*** All days, at sea incident to the scientific mission

***Transit Day:*** (Formerly Deadhead Transit): At-sea days primarily for the purpose of going from one port to another or to/from a port and an area of research.

To review the language in 2 CFR 200 – Costing Rules for University and Nonprofits, provides principles for a daily ship rate methodology.

Specifically, 200.468 Specialized service facilities (b) The costs of such services, when material, must be charged directly to applicable awards based on actual usage of the services on the basis of a schedule of rates or established methodology that:

- 1) Does not discriminate between activities under Federal awards and other activities of the non-Federal entity, including usage by the non-federal entity for internal purposes, and
- 2) Is designed to recover only the aggregate costs of the services.

§ 200.468 Specialized service facilities. (a) The costs of services provided by highly complex or specialized facilities operated by the non-Federal entity, such as computing facilities, wind tunnels, and reactors are allowable, provided the charges for the services meet the conditions of either paragraphs (b) or (c) of this section, and, in addition, take into account any items of income or Federal financing that qualify as applicable credits under §200.406 Applicable credits
