# 2021 & 2022 Scheduling

- 2021 started off with cruises per posted schedules. Some adjustments along the way.
- 2022 Scheduling Process kicked off in February. Working entirely within UNOLS MFP for 2022 schedules
  - Credit due to WHOI, SIO, UW, UAF, UH and LDEO for initiating weekly meetings to develop best plans for effective use of ships and vehicles to address deferments from 2020 as well as high priority existing projects
  - Resulted in a much smoother process for achieving viable schedules
- September – all major issues resolved, operators begin posting 2022 schedules in UNOLS MFP
  - Progressing along but some evolving issues may require readjustment of the big ship & vehicle schedules
