

Positions Available: Oceanographic Field Technicians

Dial Cordy & Associates (DC&A) is recruiting oceanographic field technicians for offshore spill response assessment work. Individuals must be post-graduates with coastal or marine science backgrounds. This is immediate employment for offshore shifts of two weeks on and two weeks off. The immediate employment periods are through the summer or through the end of 2010.

Please email Maria Waddell for more information: mwaddell@dialcordy.com <<mailto:mwaddell@dialcordy.com>>.

Pay scales will be commensurate with experience.
