I am interested in obtaining long term employment as a Chief Engineer. I have over 20 years experience as a chief engineer in the maritime field and currently hold the following U.S. Coast Guard documents:

Chief Engineer Limited Coastal, 3000 HP
Chief Engineer Uninspected Fishing Industry, 3000 HP
2nd Assistant Engineer, Unlimited tonnage and HP
Designated Duty Engineer, Unlimited HP
Merchant Mariners Document, QMED, any unlicensed position
TWIC card
Passport
STCW

I have successfully passed the USCG exam for 2nd assistant engineer unlimited and will soon be eligible to take the exam for 1st and chief unlimited.

Extensive experience in a wide variety of merchant marine applications. Served as Chief Engineer on cruise ships, Tugs, DSV, supply boats, fishing vessels, and as an assistant engineer on unlimited tonnage ships, as well as operating my own commercial fishing boat throughout Southeastern Alaska.

Experienced with coordinating shipyard operations for both inspected and uninspected vessels and have worked new construction, retrofit, ABS inspections and as a buyer's representative for the evaluation of a vessel prior to purchase. Owned and operated my own marine repair business. Substantial experience with a wide range of diesel and gas engines, from small portables thru 20,000 HP mains for ocean going ships to include both light and heavy fuel. Extensive experience with hydraulics, pneumatics, refrigeration, HVAC, electrical and electronics.
