

UNIVERSITY-NATIONAL OCEANOGRAPHIC LABORATORY SYSTEM

An association of institutions for the coordination and support of university oceanographic facilities.

MEMORANDUM

To: ALVIN Users
From: Cindy Van Dover, Dan Orange
Re: ALVIN science upgrades
Date: 19 December 1995

At the recent DESSC meeting in San Francisco, Dan Orange and I were tasked to identify priorities for science upgrades to ALVIN that might be accomplished in concert with the upcoming ALVIN overhaul. This exercise was undertaken a couple of years ago and resulted in major improvements to ALVIN's science capabilities. It is well worth our time to consider what the new priorities are. DESSC and the ALVIN operators will seek additional funds from its supporting agencies to facilitate upgrades during the 1996 overhaul.

Please send your "wish list" for ALVIN, together with any relevant comments, justification, etc., to dano@mbari.org by 15 January. Dan and I will get together in Monterey that week and work with DESSC and ALVIN to make something happen.

Thanks for your help.

clvd, do
