

Report to UNOLS Council
Navy Report to Congress on Renewal of
The UNOLS Fleet

Signed by Acting Secretary Johnson and
Submitted to the House Armed Services
Committee on 25 February 2003

The report was based on the FOFC Report and the JJMA Common Hull Study...

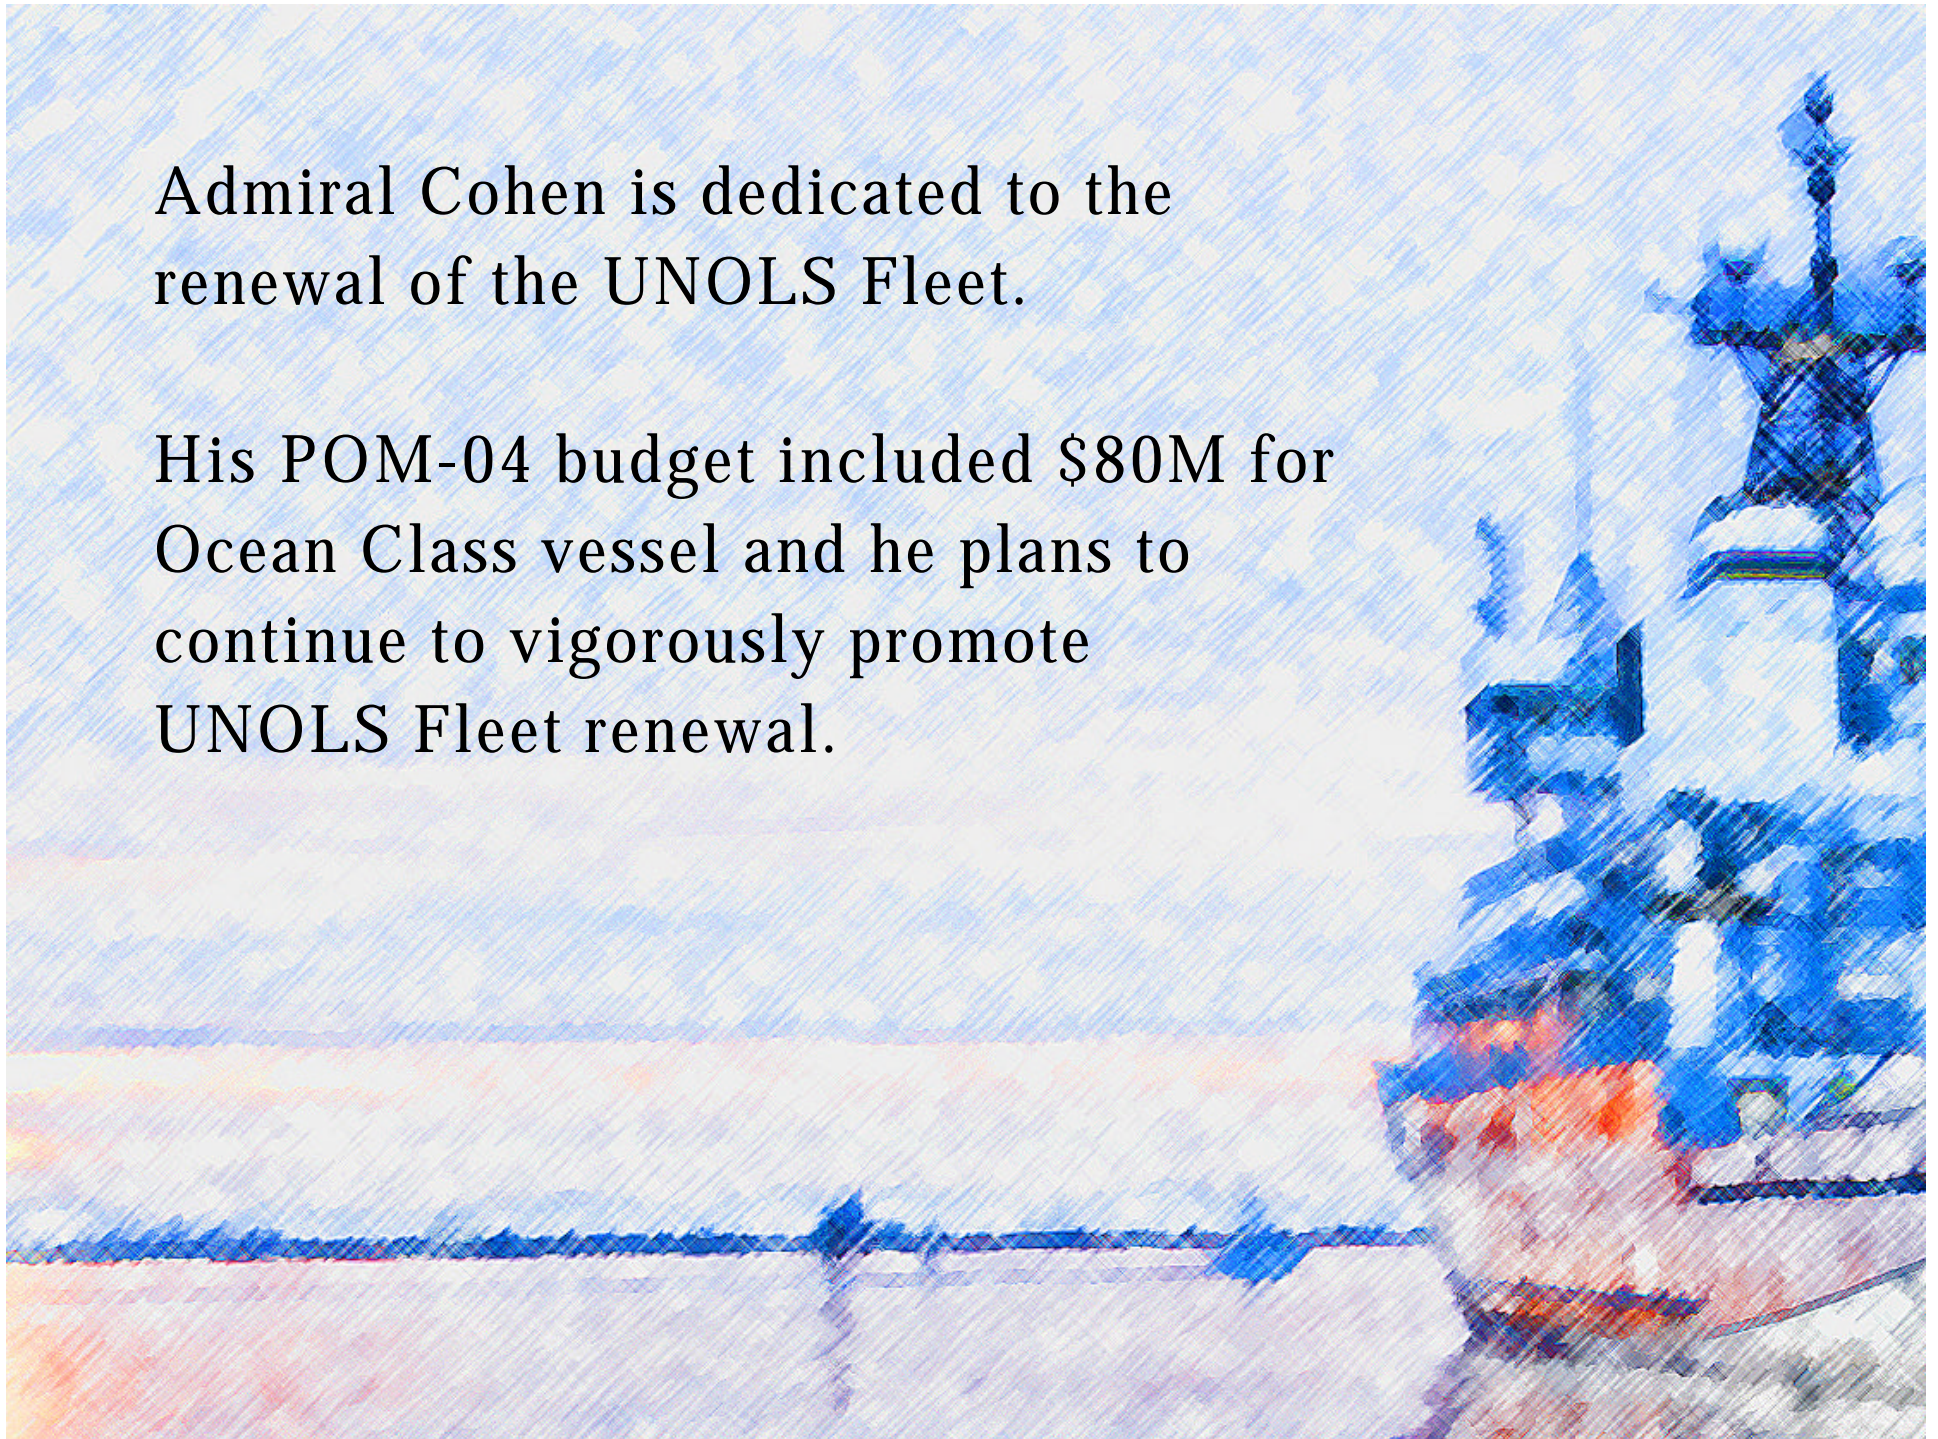

The major differences are in the timing of Construction and cost of construction.

JJMA study provided realistic cost estimates for both SWATH and Monohull implementations.

Timing changes invoked a more realistic timeline from a Congressional funding standpoint

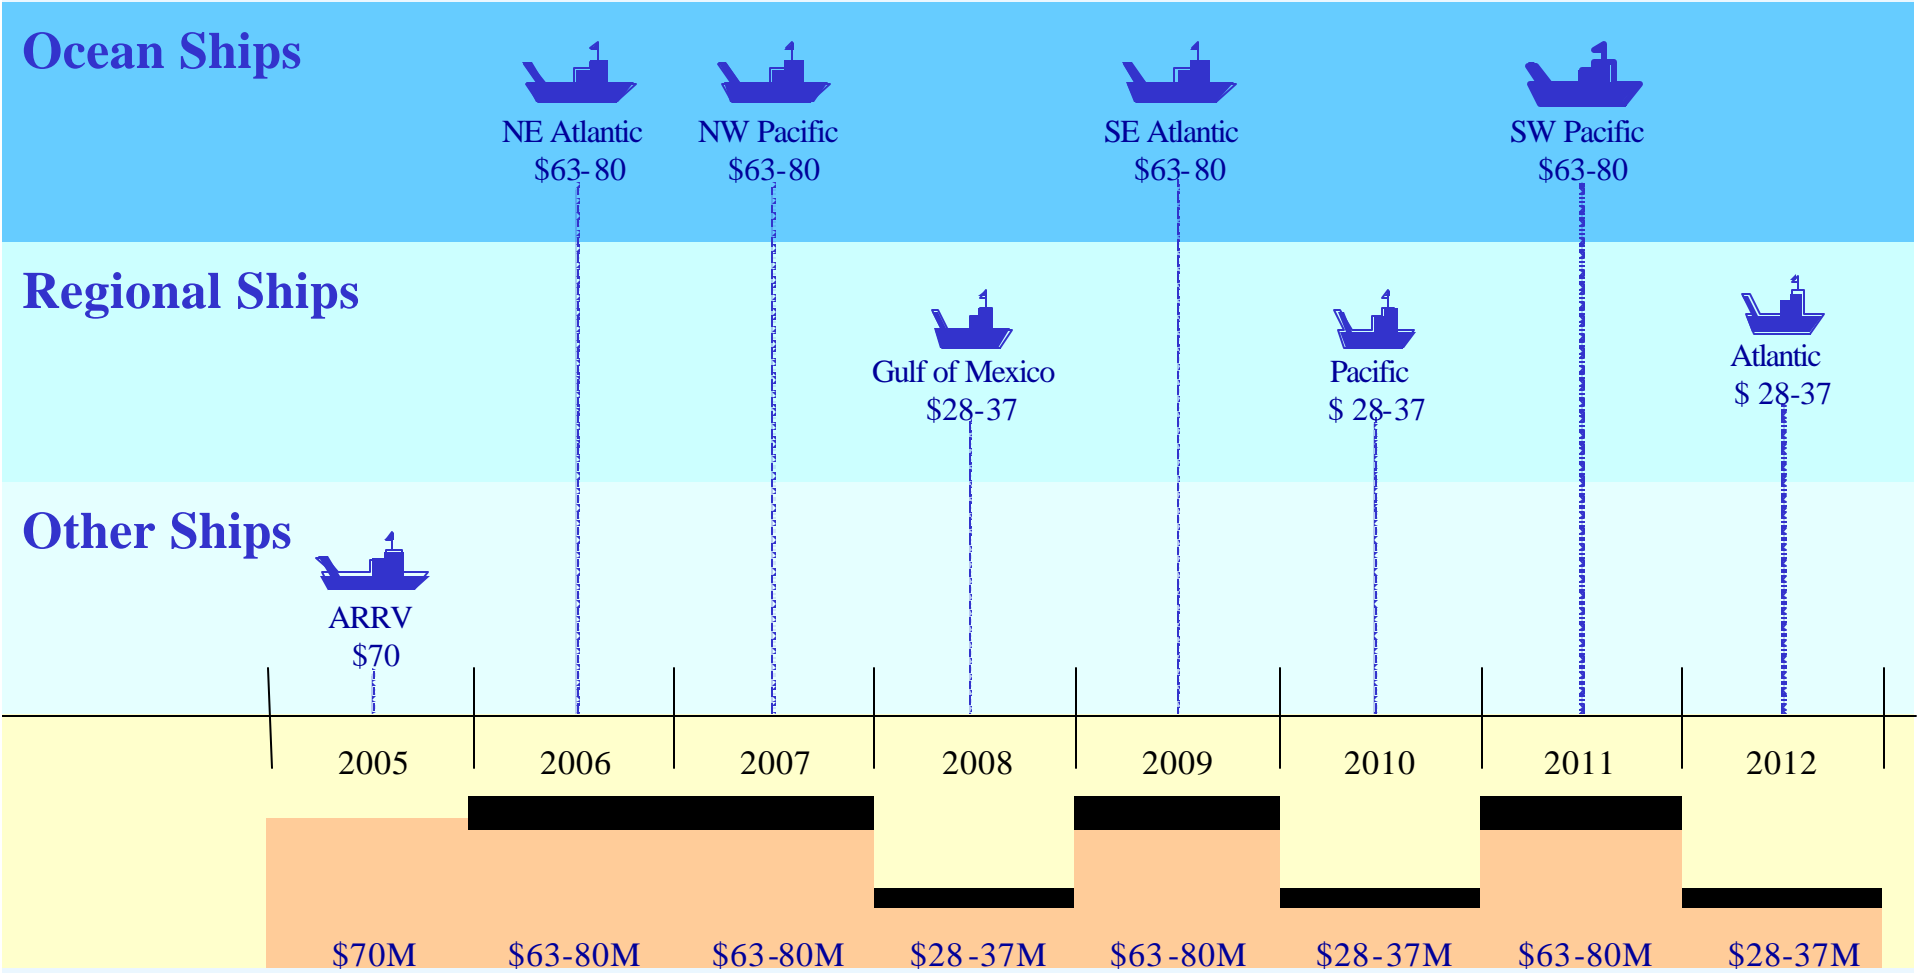

Admiral Cohen is dedicated to the renewal of the UNOLS Fleet.

His POM-04 budget included \$80M for Ocean Class vessel and he plans to continue to vigorously promote UNOLS Fleet renewal.

Draft Navy Implementation Plan for Fleet Renewal

Program costs (in millions) with lower number representing Mono -Hull and higher number for SWATH construction.

While at the present time there are no funds appropriated for UNOLS Fleet renewal by Congress:

NSF has expressed an commitment to funding the Regional Class

Navy has expressed continuing commitment to construction Of the Ocean Class.
