

- **Ship Inspections – Round 2**

- Scheduling inspections difficult due to ship schedules
- UDEL will be the first inspection conducted this year
- Moving towards an electronic system via the UNOLS web for the Ship Data Form (a.k.a. Ship Condition Form)
- Response to report – Detailed & timely

- **Winch Training**

- Cost of of the Winch Trainer is being absorbed by the Manufacturer, NSF is funding travel costs
- Started the Program with UW
- Scheduling training is difficult due to ship schedules

- **Handling System Study**

- Joint ONR/NSF Study
- Committee and Chair
- Study to be conducted similar to recent van study
- Timeline for Study: 1 Year Maximum
- End product:
 - Explore several systems
 - Provide guidance to ONR/NSF on handling systems for the fleet

- **SSSE Proposals & Reports**

- Target Date: December 1 (>1 week late requires PO permission)
- Guidelines are being revised, we will email draft for use
- Must Address Merit Review Criteria
 - Intellectual (Technical) Merit
 - Broader Impacts (Education, etc)

- **Regional Class SMRs**

- Review the SMRs, particularly size criteria
