

UNOLS Goals and Priorities

Explore Options for Establishment of a UNOLS Speaker Series

Options to establish a speaker series will be explored to highlight UNOLS ships and oceanographic research and to serve as an outreach activity to non-UNOLS colleges and universities, with particular attention given to institutions with under-represented minorities in the marine sciences. As one option, the series could be introduced as a pilot program that would include a revolving set of speakers who would participate in this outreach program each year for three years, at which time a review of the program would be carried out to determine if it is a worthwhile outreach activity for UNOLS.
