RE: Comprehensive Rigging Program

Thank you for your interest in our rigging training programs. Based on your request, our proposal to accommodate training up to 24 participants is below.

Industrial Training International, Inc. has been approved as an authorized provider by the International Association for Continuing Education and Training (IACET). All participants completing the program will receive Continuing Education Units (CEU's).

Our Comprehensive Rigging Program is designed to increase student's knowledge of rigging gear inspection, proper rigging procedures, and load control using typical rigging techniques. Subjects covered include:

- Rigging Inspection
- Load Weight Estimation
- Sling & Rigging Hardware Selection
- Sling Tension
- Locating Center of Gravity
- Load Control
- Load Moving Procedures

Comprehensive Rigging
maximum 24 participants
S.E.A. Courses

SEA
2010 Training Classes:
Offered at our Woods Hole Campus
All events include lodging and lunch during class.

Wilderness First Responder (WFR)
December 3-9, 2010
Cost: $750*
