

An Ocean Infrastructure Strategy for U.S. Ocean Research in 2030

- The National Academies – Ocean Studies Board:
<http://www8.nationalacademies.org/cp/projectview.aspx?key=49139>
- The draft report went out for an external peer review in early December
- The committee is currently working on the response to the external review.
- The sponsor briefing for the report will be on Wed, April 20, with a public release a day or two later.
- Once the report is released, arrangements can be made to have one or more of the committee members brief the report to the Council and/or to the members at the Annual Meeting.
