Mission

To make the collection & distribution of
cruise planning better.

- Operators
- Researchers

Objective #1

- Listen & Document

- ❖ Goal: To understand your operation & process

 - before decisions are made

 - Interviews

 - anyone interested

Objective #2

- Develop a prototype
 - ❖ Goal: Organic, customizable fit
 - Select 2 operators for implementation
 - Best fit for the pilot

Objective #3

- Provide as open source cruise planning web application
 - ❖ Available to any operator

Objective #4

- Report our findings
- ❖ Goal: Secure more funding if necessary
 - Document Need
 - Maintenance costs
 - Features for the future

Scope

- 1-year program

- Obstacles:
 - Time
 - Complexity
 - IT support
