P. McGillivray, Polar breaker Science Liaison
Native Issues Coordination

AEWC Issues

- Main issue: coordination of NOAA WaveGlider deployment off Kaktovik w thermistors & met gear for 41 days ending 9/15 via small boat launch and recovery.
- NOAA simply sent letter: AEWC unaware of it.
- Data at:
<http://www.pmel.noaa.gov/arctic/glider/index.html>
- Secondary issue SixPack training of natives, but no Birth Certificate, so no TWIC card to prove they took training!

N. Slope WG operation area
