

# FIC Action Items

- ▶ Define optimal windows of usage for ships by class rather than single fixed number of days.
- ▶ Prepare letter to NSF in support of UW request of service life extension for *R/V Clifford Barnes* based on high utilization and plans for replacement.
- ▶ Work with agencies to update all end of service life projections for existing vessels in the fleet.
- ▶ Initiate drafting of a new FIP for beyond 2030 considering a different form for the plan and new models for future fleet acquisitions. Incorporate where appropriate COL recommendations.
- ▶ FIC is seeking nominations of an operator and non-operator member for terms starting in 2013.
