

# Research Vessel Safety Orientation Film

Update on development to procure a new up to date safety orientation film for UNOLS Fleet

# Research Vessel Orientation Film

- Current Film- produced in 1998, outdated, had requests from community to bring this up to date.
- New Film- working on this, requesting federal funding through UNOLS
- Input from UNOLS RVOC, Safety, RVTEC committees.
- Professionally Produced with approx. budget request \$ 30 K
- Filmed scenarios from UNOLS ship (s)
- Keep film to 20-30 to be shown at Orientation/Fire & Boat Drills

Embarkation- Scientist joining ship	Chemicals and MSDS	Wet Decks and work areas
Gas Cylinders	Fire at Sea	RVOC Safety Manual
Personnel/Good physical condition	Medical Forms/Medical History	Sea sickness
Hypothermia	Zero Tolerance drug policy	Securing science equip.
Emergency Stations & Bunk Cards	Emergency Drill Protocol	Slips and falls
Watertight doors/compartments	Severe weather	Life rafts
EPIRB	PFD	Life rings
Immersion suits	Deck Operation/supervision	Work vests/hard hats
Steel toed shoes	Clear of lines under tension	Stability
Lab Safety & waste disposal	Radioactive material	Fire and response
Types of extinguishers	Fire/smoke detectors	Breathing Apparatus
