

UNOLS Goals and Priorities – 2012 & 2013

- To develop and implement a systematic and transparent process (or processes) to facilitate our agency sponsors in responding to the changing realities both in ocean science and the U.S. economy/federal budgets specifically addressing the difficult tradeoffs that almost certainly will need to be made
- To nurture the next generation of seagoing oceanographic scientists

UNOLS Proposed Goals

Goal: To develop an open channel to the oceanographic research community for both communicating the changing realities in ocean science including access to and utilization of UNOLS facilities as well as for soliciting feedback from the community on important issues as they arise.
