

UNOLS – 44 years of Coordinating the U. S. Academic Research Fleet and Facilities

- Accepted by Eos as a Project Update (after several iterations).
- Sections: 1) brief history of UNOLS, 2) description of the facilities, 3) outreach programs, and 4) how to get involved. (1100 words plus one figure.)
- As of now, it is being edited by the production team to reflect “Eos style”, which requires “vigorous and substantive” editing in some cases.
- Addresses last year’s Council goal of engaging the scientific community in UNOLS activities.
