

Video Project: Shipboard Civility

- Collaborative effort between NSF, ONR, NOAA, and UNOLS
- Will be composed of three modules
 - Module 1 (~ 10 minutes) – *Shipboard Civility: Fostering a Respectful Work Environment*
 - NOAA is supporting production, produced by Maritime Training Services Applicable to all Research Vessels
 - Explains appropriate, respectful behavior and provides Scenarios as animations
 - Module 2 (10-12 minutes) – Fleet-Specific Video
 - Issues/information/practices that apply to all UNOLS ships
 - MTS is under contract to produce the videos.
 - We will own the videos and they can be shared openly (e.g., YouTube)
 - Module 3 – Ship specific information regarding policies and reporting. In the form of posters or PPTs

Video Project: Shipboard Civility

Status:

- Module 1 (General – applicable to all R/Vs)
 - The draft video, – *Shipboard Civility: Fostering a Respectful Work Environment*, has been produced.
 - Final video should be complete by the end of the summer 2018
- Module 2 (UNOLS-Specific):
 - MERAS has met via webex and outlined scenarios
 - Drafting Introductory material
 - MERAS will continue to meet over the summer. MTS will participate in meetings.
 - MTS will begin production in late summer/early Fall
- Module 3: Ship Specific Posters
 - Ship Operators have been contacted by Alice Doyle.
 - All operators have provided material
