

## Module III – Vessel Specific Information

It was recommended that Module III posters have the following information (at a minimum)

- Resources available (both on-ship and off) to discuss possible incidents or biases
- Who to contact and how to contact that person in case of an incident. Ideally this too would include both on-ship and off- ship contacts.
- What happens when an incident is reported
- Procedural differences (if any) between the vessel staff and science participants

# Module III – Vessel Specific Posters

Where we are:

- Each vessel has a poster
- Posters are posted onboard the vessels

What next?

- Post the posters on the UNOLS.org website?
- Inspect posters as part of the Vessel Inspection program?
