UNOLS Ship Scheduling Committee, NSF, ONR, NOAA, OOI, etc
UNOLS Fleet Utilization (2010 - 2019)

Operating Days

- NSF
- Navy
- NOAA
- Other
- Total

- Total 2010-18 Avg
- NSF 10-18 Avg

2010-2019 EST
Fleet Operating Days: 2010 - 2019

Note: 2019 Operating Days = funded days plus 30% of pending days
The midlife refit of the *Revelle* is planned to run from mid-April 2019 to mid-April 2020. Then they are planning for ~ 60 days for trials, bringing the ship back online, and outfitting. *Revelle* will be out of service ~ 14 months. Shipyard: Vigor, Portland, OR

The *Atlantis* midlife refit will be scheduled from 15 June 2020 to Mid June 2021. ONR commented that the start date with the shipyard that wins the award still needs to be negotiated, which might affect the actual start date. Shipyard: To be determined
2020 Outlook- Global Class

REV- Midlife then strong 6 months on US West Coast
ATL- Strong half year GOM and ATL, then midlife
