- Kate Kouba

Space for new members!
Taking nominations

Current Training Efforts

What Went Wrong Wednesdays

Informal discussions where the tech community can chat about:

- What problems they have been experiencing
- New resources they have discovered or created
- Subject matter experts to aid in answering questions
- Fun stories from current cruises
- Opportunities

Next Zoom Chat on Nov 17th- Knudsen

Current Training Efforts

“ Did you know? ” Series - via RVTEC Mailing List

- Submitted by you - small areas of expertise to share with the rest of the tech community
- Easy way to share tips and tricks of the trade

Recording Training Sessions- via UNOLS YouTube page

- Day 1 of the Network Training hosted by OSU

Moving Forward

- Creating our own training opportunities
 - Working within the community to gather materials
- Identifying training opportunities aboard vessels of the US Academic Research fleet
 - *Standing by for reduced restrictions*
- Create Trainings from Ocean Best Practice repository- existing experience and materials
 - <https://www.oceanbestpractices.org/>
 - *UNOLS/ RVTEC community currently has 5 working groups curating BP documents.*

To sum it all up

- Send us your nominations for new committee members! techtraining@unols.org
- Chat with Us & add us on UNOLS Slack Channel-
rvtec-unols.slack.com ##rvtec-training
- Send us tips for “Did you Know” and volunteer for What Went Wrong Wednesdays
- Be on the look-out for video release and details for our next Moderated Discussion!
