

# MSROC Committee Report Dec 2025

# MSROC Annual Community Meeting

**Thank you!**

Speakers and Early Career Participants

Meeting Organizers– Andrew Gase, Shuoshuo Han, Maureen Walton, Josh Russell, Donna Shillington, Jared Kluesner, Anne Bécel, Andrew Gase, Dan Lizzaralde

National Science Foundation – Gail Christeson

UNOLS – Doug Russell, Tara Clemente

# MSROC Annual Community Meeting

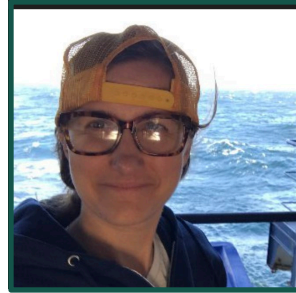

## What is MSROC?

- Marine Seismic Research Operations Committee; OBSIC-OC
- Representatives of marine seismic community; Liaison between community and facilities, NSF
- Summary of Terms: Input on technological advances, regional planning, international collaborations and facilities, promote training and engagement of early career and new marine seismic researchers

[unols.org](http://unols.org)

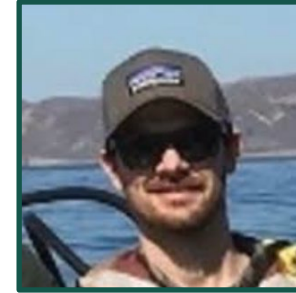

## MSROC Membership

Lindsay Worthington  
(UNM)

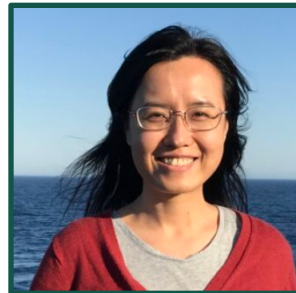

Anne Bécel  
(LDEO)

Jared Kluesner  
(USGS)

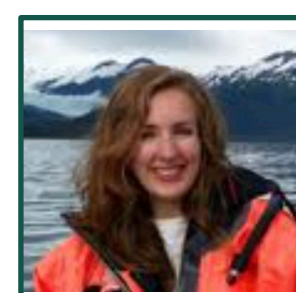

Donna Shillington  
(NAU)

Shuoshuo Han  
(UTIG)

Josh Russell  
(Syracuse)

Maureen Walton  
(NRL)

Andrew Gase  
(Boise State)

YoungHee Kim  
(Seoul National University)  
New Member

Dominik Kardell  
(LLOG Exploration)  
New Member

Dan Lizarralde  
(WHOI)  
*Ex Officio*

Lee Ellett  
(Scripps)  
*Ex Officio*

## MSROC Membership

Welcome new members, YoungHee Kim and Dominik Kardell!

YoungHee Kim  
(Seoul National University)  
New Member

Dominik Kardell  
(LLOG Exploration)  
New Member

Thank you to members rotating off the committee!

Satish Singh  
(IPGP)

# MSROC Committee Report Dec 2025

## Major Activities 2025:

- [Advocacy letter](#) – Seismic Imaging for National and Economic Security
- April/May: Committee Business Meeting
  - Membership and OBSIC-OC chair rotations
  - Community meeting planning
  - Early career workshop planning
  - *Langseth* regional plan – unchanged
- Dec: Early Career Workshop and Annual Community Meeting
  - ~35 graduate students and postdocs for ½ day workshop prior to AGU – professional development, networking, panels and speakers on interacting with facilities and proposal preparation
  - Annual Community Meeting – science updates focusing on all aspects of marine seismology, facilities updates, lightning talks for attendees, update on funding opportunities through ONR

# MSROC Committee Report Dec 2025

## Major Activities for 2026

- What do we want to see?
  - Some ideas – science and skill-sharing webinars, industry connections, advocacy...for discussion throughout the day!
