

### INMARTECH 2018 Invites Sponsors

As a valued partner, we are writing to invite your sponsorship for the 11<sup>th</sup> International Marine Technicians Symposium (INMARTECH 2018), which will be held on the campus of the Woods Hole Oceanographic Institution in Woods Hole and the Sea Crest Beach Hotel in North Falmouth, Massachusetts USA. INMARTECH Symposia are held biannually and have been hosted internationally in Norway, the United Kingdom, the Netherlands, France, Japan, and USA.

The objective of INMARTECH is to provide a forum for international exchange of knowledge and experiences between marine technicians and to improve equipment performance during scientific cruises on research vessels. With some luck (and mostly hard work) there will be real-time data from at-sea profilers and at-symposium instrumentation on display.

Conference sponsorship gives you the opportunity to showcase your company and its products to an audience upwards of 200 international conference attendees. Your sponsorship and presence at INMARTECH 2018 will not only provide significant recognition of your company and products, but will also give attendees educational value as they will have the opportunity to individually interact with your product.

A range of sponsorship levels are available to choose from (refer to page #2). The deadline to register as an INMARTECH 2018 sponsor is March 15<sup>th</sup>, 2018. We look forward to hearing from you and hope to see you at INMARTECH 2018!

Robert C. Munier  
VP for Marine Facilities &  
Operations
