

Sikuliaq Cruises 2017

Arctic Region

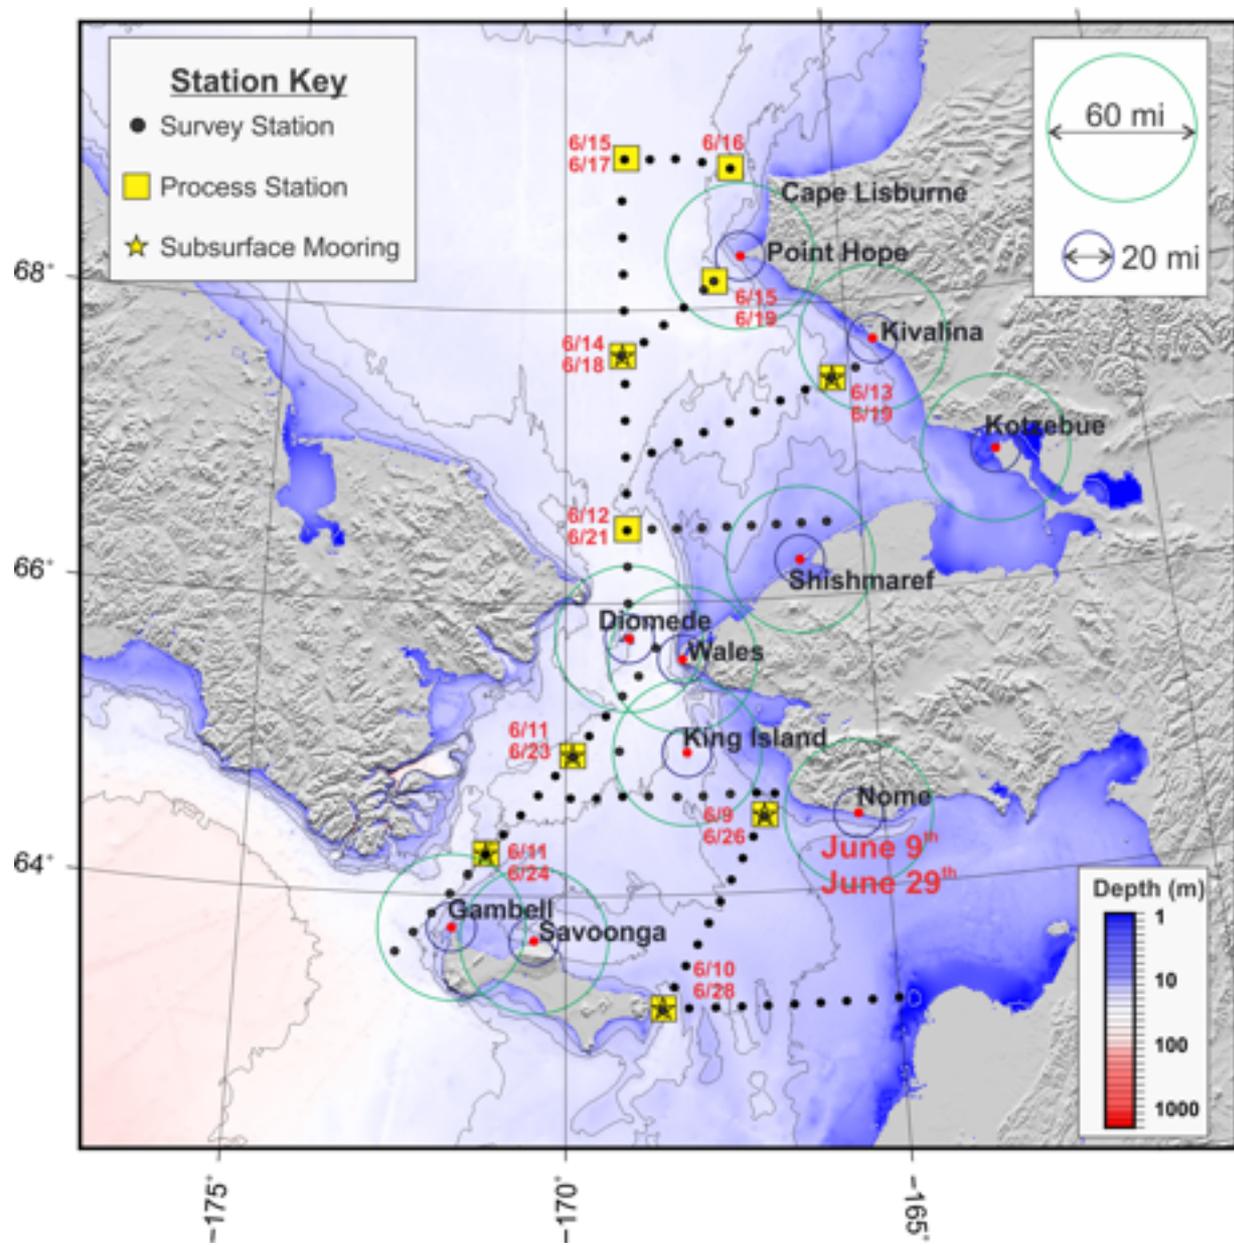

ASGUARD CRUISE

The PI is Dr. Seth Danielson

Cruise dates:

June 9th – June 28, 2017

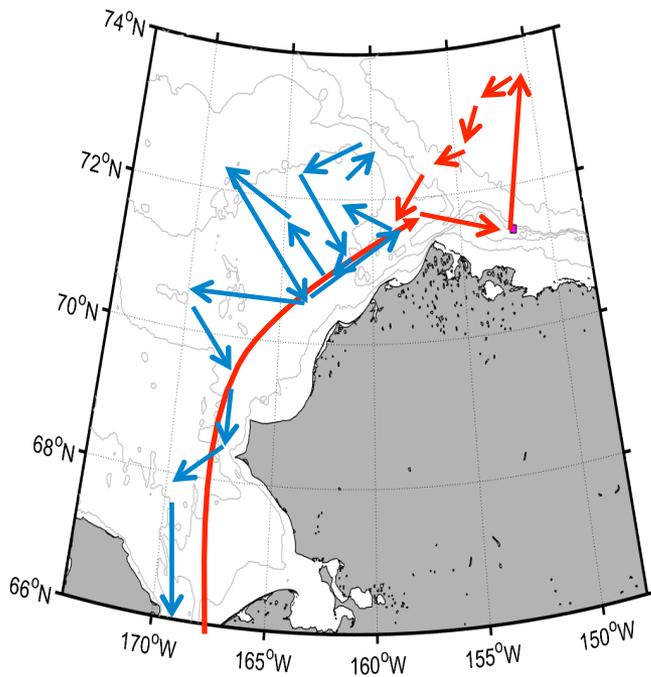

Juranek Cruise

The PI is Dr. Laurie Juranek

Cruise Dates:

August 7th – August 22nd 2017

2016 Cruise

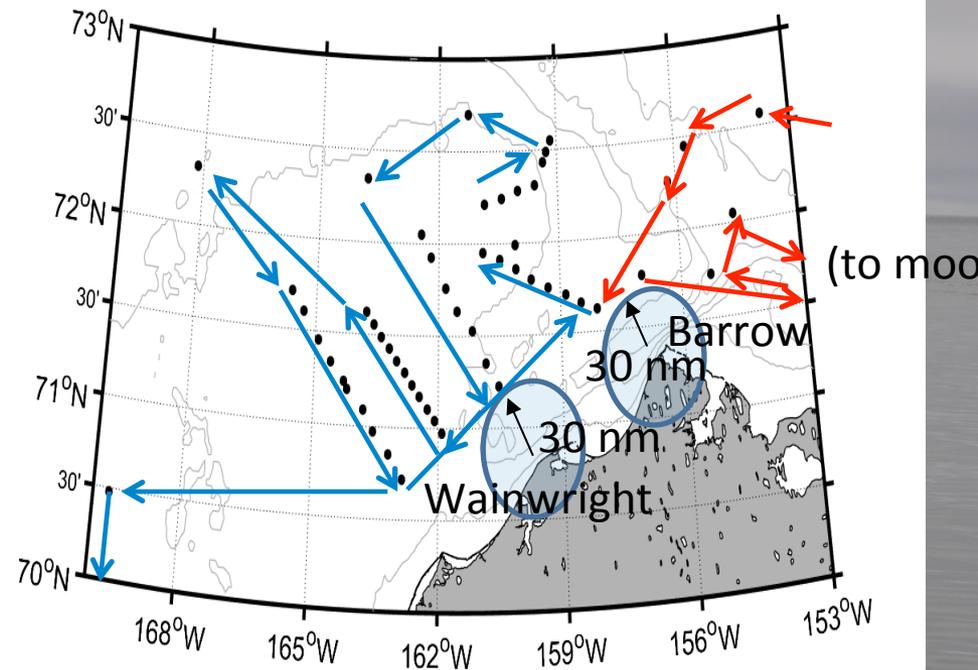

Proposed cruise dates: **Sept 8-Oct 6**

We have modified the plan from our prior presentation in the following ways:

- Shortened the cruise from 6 weeks to 4 weeks with follow up work in 2017
- Removed all sampling sites within 30 miles of shore except for a few sites off of Point Hope
- All work in the Beaufort would be completed by **September 15th**

Barrow and Wainwright Area detail

- Sept 8 - Sept 15
- ← Sept 15 - Oct 6

Seeking input on planning a potential cruise 2017

With the limited access to the coastal ocean this year, we seek advice from AEWC on the best way to access the coastal ocean in 2017

We seek help from the AEWC in accessing the coastal ocean in a way that will limit our impact on fisheries harvests while also achieving science goals

We propose a short 3 week cruise that is completed by September 5th

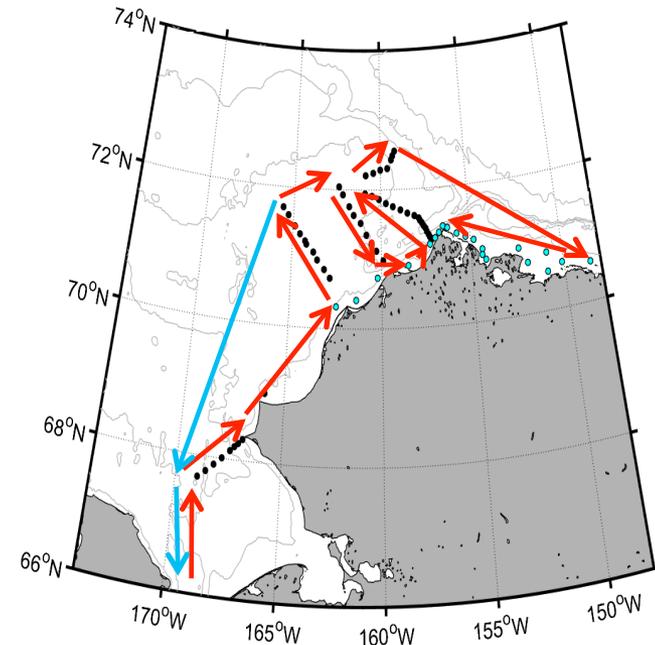

All coastal stations will be completed by September 1st

– Are these dates reasonable?

– Do any modifications need to be made to the cruise

track?

Working draft of 2017 cruise track

→ Aug 15 – Sept 1

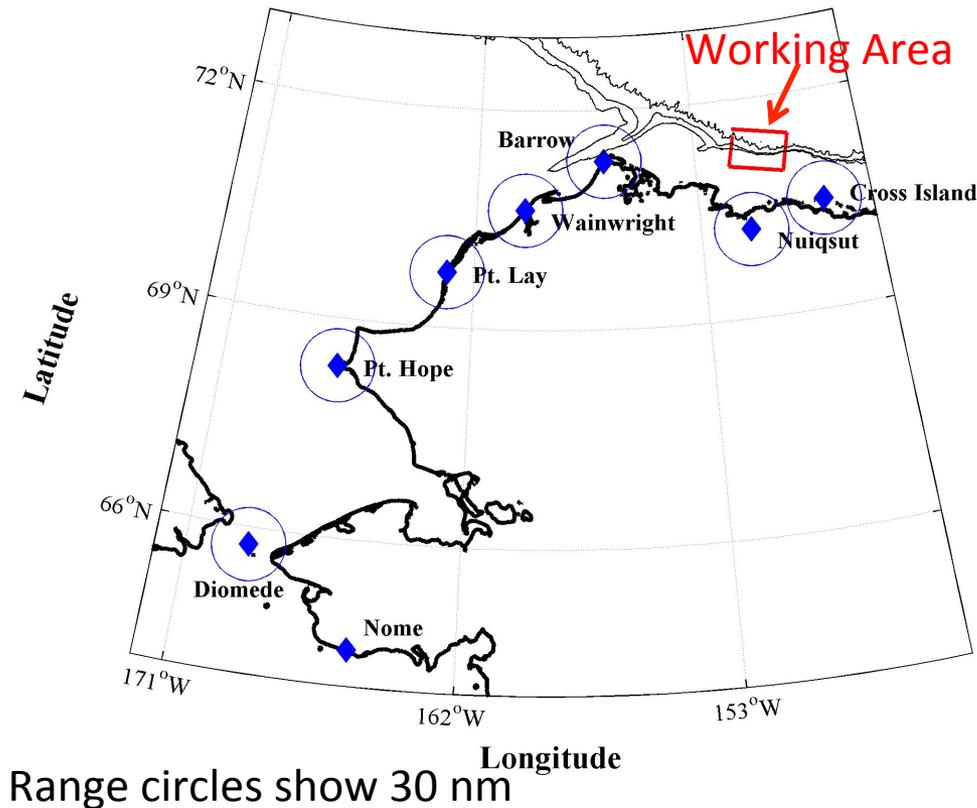

← Sept 1 – Sep 5

BEAUFORT SHELF BREAK ECOLOGY – PLANKTON, FISH, AND BELUGAS

Carin Ashjian

Woods Hole Oceanographic Institution

Timeline

- **TIMELINE (ESTIMATED)**
