Policies for Science Parties Moving Aboard

- Inconsistency in operator policies for science parties moving aboard – when to move aboard/off, dining during load/unload activities
- Policies collected from UNOLS Operators (see Read Ahead summary)
- Only seems to be an issue for Global/Ocean classes
- Is this an issue?
 - Is one standard policy necessary for the Global ship operators?
 - Can it be resolved by clear communication of operator policies that the science community can incorporate into their planning & proposals?
