

UNOLS Booth #74

**2014 Ocean Sciences Meeting
Convention Center
Honolulu, Hawaii**

Please visit the UNOLS Booth #74 at the 2014 Ocean Sciences Meeting. Learn about the academic research fleet and facilities. Exciting updates on our newest and upgraded platforms will be available. Early Career Scientists are encouraged to stop by the booth to learn more about UNOLS and how to access our facilities.

In addition to research vessels, learn how deep submergence vehicles, unmanned aircraft systems (UAS) and other facilities are used in today's research of the world's oceans. The quadrotor UAS (shown below) will be on display in the booth. Videos featuring design, construction, and upgrade efforts (Ocean and Regional Class Vessels and DSV *Alvin*) are planned. Members from the UNOLS community will be on hand to provide information and answer questions.

The exhibit dates are 24-27 February. The exhibit hours are 10:00am – 7:00pm on Monday and Wednesday and from 12:00pm – 7:00pm on Tuesday and Thursday.
