COVID-19 & Fleet Scheduling Updates
For the COVID-19 pandemic continues to shape the face of the UNOLS community, it is crucial that we adapt and proceed with caution to ensure the health and safety of all who participate in UNOLS activities and operations. Therefore, the UNOLS community has decided to delay in-person meetings and events scheduled for spring 2021 to ensure the safety of our members and staff.

COVID-19 protocols have been implemented to ensure that all UNOLS meetings and events are safe for attendees. These protocols include mask-wearing, social distancing, and increased cleaning and disinfection measures. Attendees are also encouraged to self-monitor for symptoms of COVID-19 and to stay home if they are feeling unwell.

The UNOLS community is committed to providing a safe and healthy environment for all members and staff. We appreciate your cooperation and understanding as we navigate through these unprecedented times.
