UNOLS Update

- completed ~3,000 days of shipboard science in 2021 despite COVID-19
- still catching up in 2022 on cruises deferred due to COVID-19 with impacts into 2023
- 2022 - ARF completely scheduled in MFP
- Start 2023 ship scheduling next week
- now bringing cruise planning in MFP to ship operators starting with UW, WHOI, UAF & Scripps
- UNOLS Meetings continuing in virtual mode - at least thru April (RVOC). Hoping to have DeSSC meetings in person in May
- Continuing to update COVID-19 guidance to the fleet and science community
- RVSS Updated - 11th Ed - online currently, will be distributing hard copies to ship operators
- Successful Annual Meeting in Fall 2021 over a series of 8 virtual meetings / webinars. Included keynote addresses by UNH's Dr. Larry Mayer and URI's Dr. Kendall Moore – 50th Anniversary Celebration
- Council focusing on DEI with help of MERAS
- UNOLS Office at UW finishing up year 3 of the initial 5 year award.
