Report to RVOC Annual Meeting
Woods Hole, 21-23 October 1997
Fleet Improvement Committee
Joe Coburn

The Fleet Improvement Committee drifted with little really accomplished this past year. The outgoing chairman's report of the past 3 years is included as an enclosure. I expect better focus and more meaningful contributions under the direction of the new Chairman, Larry Atkinson, of Old Dominion University. His initial message to the committee is also enclosed. As you can see from the proposed agenda there are several issues the FIC will address which will be of interest to us operators. I will report on these after the November 6 and 7 meeting in Seattle.
