Draft Agenda- as of 20 Feb 2011

Marine Science Drivers for the Polar Regions

UNOLS Polar Research Vessel Workshop February 28, 2011- Monday-National Science Foundation- Stafford I- 12th floor, Boardroom 1235 March 1, 2011- Tuesday Westin Arlington Gateway- Ballroom- Fitzgerald "C"

Feb 28, 2011 Monday- NSF Boardroom

 7:30-8:00 Continental Breakfast 8:00-8:30 Welcome & Introductions- Rob Dunbar/PRV Chair PRV Committee, Members, Tasking, Timeline Workshop purpose, scope, expected results 8:30-9:00 NSF Opening Remarks- Dr. Karl Erb/NSF/OPP Director-NSF Program Office- Alex Isern, Hedy Edmonds, Lisa Clough Historical Review, Path Forward, PRV Timeline 9:00-10:00 James St. John- Science & Technology Corp. – Review of PRV Study- Operational Feasibility of desired features and specification that impact ship size and cost. 10:00-10:15 Break 10:15-11:00 Review PRV Community Responses- PRV Committee & Jon Alberts 11:00-12:30 Developing Science Drivers/ Breakouts Groups/NSF Meeting Rooms Biological Oceanography-Maria Vernet/Craig Smith Chemical Oceanography-Vernon Asper Physical Oceanography & Atmospheric Interactions-Dale Chayes/Bruce Huber 		
PRV Committee, Members, Tasking, Timeline Workshop purpose, scope, expected results 8:30-9:00 NSF Opening Remarks- Dr. Karl Erb/NSF/OPP Director- NSF Program Office- Alex Isern, Hedy Edmonds, Lisa Clough Historical Review, Path Forward, PRV Timeline 9:00-10:00 James St. John- Science & Technology Corp. – Review of PRV Study- Operational Feasibility of desired features and specification that impact ship size and cost. 10:00-10:15 Break 10:15-11:00 Review PRV Community Responses- PRV Committee & Jon Alberts 11:00-12:30 Developing Science Drivers/ Breakouts Groups/NSF Meeting Rooms Biological Oceanography-Maria Vernet/Craig Smith Chemical Oceanography-Vernon Asper Physical Oceanography & Atmospheric Interactions-Dale	7:30-8:00	Continental Breakfast
NSF Program Office- Alex Isern, Hedy Edmonds, Lisa Clough Historical Review, Path Forward, PRV Timeline 9:00-10:00 James St. John- Science & Technology Corp. – Review of PRV Study- Operational Feasibility of desired features and specification that impact ship size and cost. 10:00-10:15 Break 10:15-11:00 Review PRV Community Responses- PRV Committee & Jon Alberts 11:00-12:30 Developing Science Drivers/ Breakouts Groups/NSF Meeting Rooms Biological Oceanography-Maria Vernet/Craig Smith Chemical Oceanography-Vernon Asper Physical Oceanography & Atmospheric Interactions-Dale	8:00-8:30	PRV Committee, Members, Tasking, Timeline
PRV Study- Operational Feasibility of desired features and specification that impact ship size and cost. 10:00-10:15 Break 10:15-11:00 Review PRV Community Responses- PRV Committee & Jon Alberts 11:00-12:30 Developing Science Drivers/ Breakouts Groups/NSF Meeting Rooms Biological Oceanography-Maria Vernet/Craig Smith Chemical Oceanography-Vernon Asper Physical Oceanography & Atmospheric Interactions-Dale	8:30-9:00	NSF Program Office- Alex Isern, Hedy Edmonds, Lisa Clough
 10:15-11:00 Review PRV Community Responses- PRV Committee & Jon Alberts 11:00-12:30 Developing Science Drivers/ Breakouts Groups/NSF Meeting Rooms Biological Oceanography-Maria Vernet/Craig Smith Chemical Oceanography-Vernon Asper Physical Oceanography & Atmospheric Interactions-Dale 	9:00-10:00	PRV Study- Operational Feasibility of desired features and specification
 Developing Science Drivers/ Breakouts Groups/NSF Meeting Rooms Biological Oceanography-Maria Vernet/Craig Smith Chemical Oceanography-Vernon Asper Physical Oceanography & Atmospheric Interactions-Dale 	10:00-10:15	Break
 Biological Oceanography-Maria Vernet/Craig Smith Chemical Oceanography-Vernon Asper Physical Oceanography & Atmospheric Interactions-Dale 	10:15-11:00	Review PRV Community Responses- PRV Committee & Jon Alberts
 Chemical Oceanography-Vernon Asper Physical Oceanography & Atmospheric Interactions-Dale 	11:00-12:30	Developing Science Drivers/ Breakouts Groups/NSF Meeting Rooms
 Physical Oceanography & Atmospheric Interactions-Dale 		■ Biological Oceanography-Maria Vernet/Craig Smith
• • • • •		 Chemical Oceanography-Vernon Asper
		• • • • • •

Marine Geology and Geophysics-Larry Lawver/Gene Domack

1:30-3:30	Continue Breakout Groups with Interdisciplinary Themes	
3:30-3:45	Break	
3:45-4:45	Report Out	
5:00	Adjourn	
March 1, 2011 - Tuesday-Westin Hotel		
7:30-8:00	Continental Breakfast	
8:00-9:00 9:00- 10:00	Translating Science Drivers into Science Mission Requirements Overview of UNOLS SMR Process- Annette/Jon-UNOLS Purpose & Background Developing SMR Table & Elements of SMR Vessel Mission Statement, Prioritization, Mission Scenarios Review of existing SMR's and current planning activities Direction Forward and Next Steps Questions/Comments Priorities Intersection of science Request for short reports & future contributions	
10:00-10:15	Break	
10:15-12:00	Open Discussion & Written Inputs	
12:00	Workshop Adjourn	
12:00	PRV Committee Working Lunch	
1:00	PRV Committee- Recover information, begin writing report	
4:00	NSF/OPP Reception- Front Office- Alex & Kelly
